R BROWN'S ESSENCE OF JAMAICA
GINGER.—THIS ESSENCE is a preparation of unusual excellence. In ordinary diarrhoa, incipient cholera—in short, in all cases of prostration of the digestive functions it is of inestimable value. During the prevalence of epidemic cholera and summer complaints of children it is peculiarly efficacious. No family, individual, or traveller should be without it, as it enables the system to resist the influence of incipient disease which lurk in a changing climate.

CAUTION.—Be sure to get the genuine essence, which is prepared only by F. BROWN, at his Drug and Chemical Store, N. E. corner of Fifth and Chestnut streets, Philadelphia, and for sale by all the respectable apothecaries in the United States.
